

6mR World Cup Tune-Up Regatta

Ida Lewis Yacht Club, Newport, Rhode Island ♦ USA

Notice to Tune-Up Competitors:

We are thrilled to offer you this opportunity to get tuned-up for the 6 Metre Worlds. This event has been driven by the motto, “sailor’s for sailors”, and is truly a volunteer driven **simple event** in an effort to welcome the 6 Metre Class to Newport. A special thanks to Ida Lewis Yacht Club for graciously offering the use of their club, vessels, ground tackle and Race Committee volunteers.

It is important to note that this regatta is sincerely a tune-up event and protests or any contact between boats is strongly discouraged and will be monitored closely by the Race Committee. We wish you safe and happy sailing as you get ready for the 6 Metre Worlds in September.

Weekend Social Schedule:

Friday after practice starts and a short practice race we have been invited back to Ida Lewis Yacht Club and they have made their bar available to participants on a cash basis.

Saturday after racing Ida Lewis Yacht Club has invited us back to the club where their bar and grille are available to participants on a cash basis. Saturday’s club menu is simple – hamburgers, chicken, salad, etc.; costs are \$8 - \$11 / person depending on selection. ILYC can handle anyone who wants to come but need to have the food available.

If you think you and your crew would like to stay for dinner menu please let me know via email cochran6@cox.net or by cell 401-580-0042. We should have a count by end of day Wednesday if possible. There is room for last minute changes but not if 50 people want a burger.

Sunday, we will complete the days racing with the intent of getting into the dock at Ida Lewis in time for a quick presentation of prizes from 5pm to 6pm, again the club has offered us cash bar.

There are no other social agenda items.

Thank you for your participation and careful consideration of the items listed above. Any questions that I might be able to assist in regards to participating in this tune-up regatta please contact me on my cell phone, 401-580-0042.

Sincerely,

Liz Cochran
Principal Race Officer
